Data Structure and Object-oriented Programming 2024 Spring

Midterm Exam Rules

1. Exam Infomation
   a. Exam Time: 05/23 (Thursday) 18:30 ~ 21:20
   b. Exam Location: At EC315, EC316, EC324
   c. Exam Content: All materials have been covered so far in lab exercises, course materials, and assignments.
2. Before the exam
   a. Please be on time and bring your student ID card.
   b. Please come to the computer room earlier to test your computer, and make sure that it can run normally.
   c. We will give you a pair of accounts and a password to sign to the computer.
3. About the exam files
   a. The exam files will be a zip file with a password, make sure you can extract a zip file.
   b. The exam files will be announced on the day of the exam.
   c. The password will be announced at the beginning of the exam. We will also announce the exam files without a password on e3.
   d. You must implement the questions in the exam template.
   e. The exam template we provide will be script files(.cpp and .h files), please learn to create a project on your own.
   f. We will use **Visual Studio 2019** to evaluate your Midterm exam. Please ensure that the file you submit can be successfully built and executed in Visual Studio 2019.
4. During the exam
   a. Please turn off your cell phone.
   b. All internet will be disconnected during the exam including e3, except before 18:45 and after 20:45.
   c. The only website you can access is e3 before 18:45 and after 20:45. You are not allowed to search online resources, or your score will be 0.

d. You are allowed to refer to labs, assignments, teacher's slides, textbook and your notes. If your own notes are online documents, please print them out. But do not bring any storage device (like USB).

e. You can download your lab codes or assignment codes from the new e3 as a reference before 18:45.

f. TAs will give you an attendance sheet around 19:30, you must sign your name and student ID or you will be considered absent.

g. If you want to go to the toilet, please raise your hand and let TA know.

5. Solution submission (your program(s)) for the exam

a. You should zip the answer files (will be mentioned in the midterm exam paper) and upload to e3 before the end of the exam time.

b. You can start to upload your files after 20:45.

c. When you confirm that the files have been uploaded, you can leave the room.

d. Upload format

i. OOP_mid2_studentID_StudentName.zip

ii. e.g. OOP_mid2_123456789_王小明.zip

e. Advice

i. You should start to upload the files to e3 at 20:45.

ii. Because a few minutes before the end of the exam, everyone will want to upload files at that time, causing network traffic jams.

iii. TAs will not accept any reason for uploading files too late except e3 is crashed.

6. The question file is clear enough that TAs will not explain to you. Read the question carefully by yourself.

7. Grading scheme

a. If you upload the answer file :

i. Before 05/23 21:20, your highest score will be 100.

ii. 05/23 21:20 ~ 23:59, your score will be reduced by 40 points.

iii. 05/24 00:00 ~ 23:59, your score will be reduced by 60 points.

iv. After 05/25 00:00, your score will be 0.

b. If you do not sign your name on the attendance sheet, your score will be reduced by 10 points.

c. If you don't follow the upload format, your score will be reduced by 30

points.

d. If your source code can not be built, your score will be 0.

e. If there is sound from your cell phone, your score will be 0.

f. If you cheat, your score will be 0.
